## AAEM Corporate Members

**Allergy Research Group**<sup>®</sup>, established in 1979 is an innovative leader in research and the formulation of nutritional supplements, the Company is recognized worldwide for the quality, purity and efficacy of its targeted nutritional supplement line consisting of more than 200 products. Over 4,000 physicians and health care practitioners worldwide currently purchase Allergy Research Group's products and recommend these supplements to their patients.

**Antigen Laboratories, Inc.** manufactures a full line of stock extracts, prepares custom prescription treatment sets (either in-vitro or skin test based) and carries a full line of ancillary supplies (i.e. sterile empty vials, diluents, allergist trays, syringes, diagnostic controls and vial labels) needed for the practice of allergy. Antigen Laboratories is now offering Lincoln Diagnostic Products and Morrow Brown Needles for prick puncture testing.

**College Pharmacy** is one of the most experienced and comprehensive compounding center in the United States. Our pharmacists have been recognized for over 30 years for their expertise in providing uncommon solutions to common problems. We work collectively with medical and health organizations, prescribers and their patients to provide the best possible therapy options available. Our mission is the development and delivery of the finest compounded formulations to enrich the quality of life of our customers. Since 1974, we have been dedicated to making this mission a reality.

**Doctor's Data, Inc. (DDI)** a premier clinical laboratory with over 30 years experience, provides specialty testing to healthcare practitioners around the world. A specialist and pioneer in essential and toxic elemental testing of multiple human tissues, the laboratory offers a wide array of functional testing. DDI's tests are utilized in the assessment, detection, prevention, and treatment of heavy metal burden, nutritional deficiencies, gastrointestinal function, hepatic detoxification, metabolic abnormalities, and diseases of environmental origin. DDI is a licensed CLIA laboratory with appropriate state certifications and participates in numerous quality assurance/proficiency testing programs including the College of American Pathology, New York State DOH and Le Centre de Toxicologie du Quebec.

**The Environmental Health Center-Dallas, Texas** medically tests and treats human health problems including sensitivities to pollens, molds, dust, foods, chemicals, air (indoor/outdoor), water, electrical (electromagnetic- EMF) sensitivity and many more health problems as they relate to our environment.

**Insta-Tapes** is the World Premier Archive of major medical conferences, lectures, courses, work-shops, seminars and trainings.

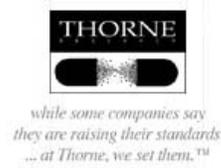

**Metamatrix Clinical Laboratory** has been a pioneer and leader in the development of nutritional, metabolic, and toxicant analyses since 1984. Metamatrix is committed to helping health care professionals identify nutritional influences on health and disease, and is recognized internationally for its laboratory procedures in nutritional and biochemical testing. Metamatrix applies this knowledge to the clinical setting by providing quantitative analyses of the critical components of cellular metabolism.

**The Pure Water Place:** Vendors of scientifically proven water purification equipment Consultants to those who have special water needs (Multiple Chemical Sensitivities, Environmental Illness, or even an acute awareness of the contaminants in our water supplies). We concentrate on treatment units which remove chemicals and micro organisms from water while leaving the naturally occurring minerals and salts. And we believe the "Structured Matrix"™ has capabilities unequalled in the industry. The water produced by these units has

## AAEM Corporate Members :: The Ame...

Matrix™ has capabilities unequalled in the industry. The water produced by these units has successfully met the needs of many highly sensitive individuals for twenty-five years, ensuring that our customers receive the many benefits of refreshingly pure, great tasting, and safe water. The Pure Water Place, recognizes that there are some people who may have needs for mineral or salt free water. Our knowledgeable experts are prepared to help you find the treatment units you need.

**Thorne Research** manufactures a comprehensive line of nutritional supplements in our own state-of-the-art production facilities. As the original specialists in pure encapsulations, Thorne is committed to providing innovative products in two-piece vegetarian capsules: truly hypo-allergenic supplements designed to meet the nutritional needs of the most sensitive patient. Our complete line of over 250 products is available through licensed health care practitioners and at select pharmacies.

**VITAL NUTRIENTS** is the first of two companies in the world to achieve independent audit and certification by the NSF and NNFA for GMP (Good Manufacturing Practices) compliance. All VITAL NUTRIENTS raw materials are independently laboratory assayed for content, purity, as well as microbiological contamination. All lipid products are independently tested for dual rancidity and botanical products are independently tested for heavy metal to part per billion, PCBs as well as dioxin and furan compounds to parts per trillion. Additionally, all products are finished product and stability tested by independent laboratories. All of this at a very reasonable price, which makes VITAL NUTRIENTS your best value in the professional supplement industry.

**Wellness Health and Pharmacy** has been noted in several medical references for experience and compounding expertise, BrainRecovery.com, and The Better Brain Book, David Perlmutter, MD; The Detoxx Book, John Foster, MD, Patricia Kane, PhD, and Neal Speight, MD. Representative samples of our compounds are analyzed in independent labs for sterility and quantity of active ingredient. Our state-of-the-art, USP 797 compliant, IV laboratory contains Class 100 laminar hoods in certified clean rooms. Some of our specialties include patented reduced L-Glutathione, formulations for autistic patients, Antifungals, Pain Gels, Bio-Identical Hormones, HGH, Mesotherapy, Proletherapy, and various Injectables.

## *Women's International Pharmacy*

*Custom Compounded Prescriptions for Men and Women*

At **Women's International Pharmacy, Inc.**, we are dedicated to providing custom compounded bioidentical hormone prescriptions to men and women with the purpose of focusing on patient's individual needs, which would include the ability to provide alternate strengths or dosages that are often not available with manufactured drug items. Founded in 1985 by Wallace L. Simons, R.Ph., we have helped hundreds of thousands of people with their hormone balance. We compound the prescriptions as directed by the licensed healthcare practitioner to meet the patient's needs. We deliver high quality, individually, compounded prescriptions in the shortest amount of time and with the latest technology.
