01-Feb-2010 - Seasonings and flavorings firm McCormick has said it is optimistic that food manufacturers will increase product innovation in the year ahead, as it recorded strong 2009 full year results.

WEEKLY COMMENT

No bitter battle over salt science

01-Feb-2010 - Excess salt can cause hypertension, heart disease, death. That's the scientific consensus behind public health campaigns to reduce consumption of sodium chloride in the diet. But not everyone reads the science as conclusive, and when it comes to minerals that are essential to human life, the voice of caution must not be drowned out.

NEWS IN BRIEF
