

East Bay Pesticide Alert/Don't Spray California

do not compromise around health.
We advocate NO use of pesticides.

Because our very lives depend on ridding the world of toxic pesticides.
And because a real community means we don't need to evacuate the
chemically sensitive,
the old, the young, the immune system-compromised.

[City of Fairfax Ordinance](#)

Click on "Town Code", when "Town Code" page appears, click on link underneath "Forms and Files" to see the Pesticide Application Notice requirements.

To see the full ordinance, higher up on the "Town Code" page, click on the Fairfax Municipal Code link to go to the American Legal Publishing Corporation website. Once there, select your frames/no frames preference, and when the Municipal Code page appears, enter "Pesticide" as your search term and click the Search button.

[Fairfax Pesticide Application Notice Requirements](#)

The total ban on the use of pesticides on the commons can be separated from the notification portion of the ordinance if a city wanted to do that.

To see some of the history behind the ordinance Fairfax adopted in 2001 visit [safe2use](#)
