Missouri River flood closes 100 miles of bridges

Drivers trying to cross from southeast Nebraska into Missouri and Iowa on Monday found bridges closed for more than 100 miles for safety reasons due to flooding and heavier water flows on the Missouri River.

Sand Shortage Causes Concern for Flood Fighters

Workers fill sandbags that will be used on levees holding back rising floodwaters from the nearby Missouri River on Wednesday, June 15, in Hamburg, Iowa. Overnight storms flooded some southeast Iowa roads, stranding cars in floodwaters.
