## Locations of Low-Level Waste Disposal Facilities

The three active, licensed low-level waste disposal facilities are located in Agreement States (see [map](#)). Additional information about the facilities may be found at the Web sites maintained by the respective Agreement States.

- **EnergySolutions Barnwell Operations, located in Barnwell, South Carolina**

Currently, Barnwell accepts waste from all U.S. generators except those in the Rocky Mountain and Northwest [Compacts](#). Beginning in 2008, Barnwell will only accept waste from the Atlantic compact states (Connecticut, New Jersey, and South Carolina). Barnwell is licensed by the State of South Carolina to receive wastes in Classes A-C.

- **U.S. Ecology, located in Richland, Washington**

Richland accepts waste from the Northwest and Rocky Mountain [compacts](#). Richland is licensed by the State of Washington to receive wastes in Classes A-C.

- **EnergySolutions Clive Operations, located in Clive, Utah**

Clive accepts waste from all regions of the United States. Clive is licensed by the State of Utah for Class A waste only.
