**Val Bridges miles with 'Project Being There'**

When Tracey Foster traveled to Vietnam from her home in Knoxville, Tennessee to pick up the children she adopted, she thought it would be a one-time trip. Two years later, her part keeps bringing her back.

## Report: 25 years since temps below average

It's been more than 300 months since the average global average temperature was below average, scientists and the U.S. government said in a State of the Climate report released Tuesday.
