

no questions asked.

Use the enclosed form to receive your Frigidaire Service Contract at once.

FRIGIDAIRE

Plus much, much more – see inside.

1. Three full years of freedom from expensive repair bills like these.

A Frigidaire Service Contract extends your one-year factory warranty for two additional years to give you three years of 100% coverage on both parts and labor. So you'll get the most from the investment you've made in your Refrigerator – with the least amount of risk to your budget. And that's good to know, when you consider the potential repair costs shown at right.

2. A brand new replacement product if we can't fix yours.

It's true! Available exclusively to Service Contract owners, our new replacement coverage entitles you to a brand new Refrigerator with similar or superior features if yours can't be repaired, or if we decide it's more efficient to replace it. What's more, your new Frigidaire product will come with a brand new manufacturer's warranty.

Typical* Repair Costs for Major Appliances
