GEOENGINEERING = SOLAR RADIATION MANAGEMENT
PLAYING RUSSIAN ROULETTE WITH EARTH'S ATMOSPHERE

No One Knows How Many Geoengineering Programs Will be Authorized Without Public Consent, Oversight or Prior Notification. Synergistic & Cumulative Effects Could Have Profound Negative Consequences on the Earth.

SYNERGISTIC & CUMULATIVE IMPACTS

Today's Weather Artificially Created

Washington (AP) April 8, 2009 - "The president's new science adviser said today... the Obama administration is discussing radical technologies to cool Earth's air." John Holdren told the AP "... the idea of geoengineering the climate is being discussed..."

David W. Keith - January 18, 2001
"Geoengineering is planetary-scale environmental engineering..."

LACK OF DIRECT SUNLIGHT WILL HARM THE EARTH

Private Corporations, Government Agencies, the Military, Universities and Private Individuals are NOW, and have been in the past, Modifying your Weather and Conducting Atmospheric and Ocean Experiments Without Public Consent, Prior Notification or Oversight. It is time that we, the people, took back our rights, because the Earth, its Weather, and its Atmosphere belongs to all of us... not just to those who intend to use the Earth and our Atmosphere as their own Private Physics Laboratory.
