

UNITED STATE NAVY WARFARE TESTING RANGES

ACTIVE SONAR EXPERIMENTS

WARNING:

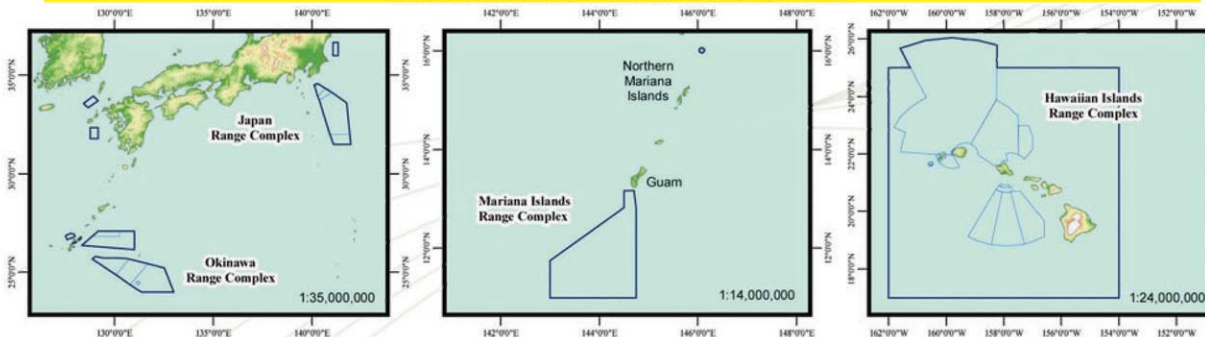

THAT THE NAVY WILL BE USING A WHOLE HOST OF **TOXIC CHEMICALS** SOME BANNED BY THE GENEVA CONVENTION, LIKE WHITE AND RED PHOSPHORUS.

THE NAVY WARFARE TOXIC CHEMICAL LIST INCLUDES, BUT IS NOT LIMITED TO:

- DEPLETED URANIUM
- ALUMINUM COATED FIBERGLASS PARTICULATES (CHAFF)
- CADMIUM
- CHROMIUM
- COPPER
- IRON
- LEAD
- MANGANESE
- MERCURY
- ZINC
- AROMATIC HYDROCARBONS
- BENZENE
- TOLUENE
- XYLENE
- ACENAPHTHENE
- FLUORANTHENE
- NAPHTHALENE
- HYDROGEN CYANIDE
- BARIUM CHROMATE
- POTASSIUM PERCHLORATE
- CHLORIDES
- TITANIUM COMPOUNDS
- PERCHLORATE IN ROCKET FUELS
- JET FUEL EMISSIONS

WARFARE TESTING: PACIFIC & ATLANTIC OCEANS • GULF OF MEXICO • HAWAII • ALASKA

U.S. AIR FORCE & ARMY TESTING RANGES NOT LISTED

According to Senator Dianne Feinstein, Senator Barbara Boxer, and Congressman Henry Waxman "...the Navy plans to increase the number of its exercises or expand the areas in which they may occur, and virtually every coastal state will be affected. Some exercises may occur in the nation's most biologically sensitive marine habitats, including National Marine Sanctuaries and breeding habitats... In all, the Navy anticipates more than 2.3 million takes (significant disruptions in marine mammal foraging, breeding, and other essential behaviors) per year, or 11.7 million takes over the course of a five-year permit." June 19, 2009 Letter to Dr. Jane Lubchenco, NOAA, U.S. Department of Commerce.

The United States Air Force also has a series of ranges some of which will be conducting bombing and sonar exercises in our oceans - imperiling more marine mammals.

NO GOVERNMENT AGENCY IS PROTECTING THE PUBLIC INTEREST, IT IS TIME FOR THE U.S. CONGRESS TO ACT, HOLD CONGRESSIONAL HEARINGS AND PROTECT OUR OCEANS, ALL MARINE LIFE, AND PUBLIC HEALTH.
