## Insta-Snow Ideas

### Expert tips for using Instant Snow!

We locked the [Insta-Snow](#) experts in a room and told them they couldn't come out until they shared all of their Insta-Snow ideas and secrets. Here's what they came up with...

### Create a Holiday Atmosphere

Insta-Snow® easily transforms your holiday decorations into a winter wonderland.

- Create a real holiday feeling, wherever you live or work!
- Give Santa an authentic North Pole home.
- Tip the tree with soft sprinkles of Insta-Snow®. It looks real!
- Use Insta-Snow® to enhance display windows and hall decorations.
- Surprise your warm-weather friends with a yard full of "snow."
- When the holiday's over, pack up your Insta-Snow® for use next year!

### Throw a Party

Annual holiday gatherings, office parties, and even scorching hot summer days provide excellent opportunities to scatter some Insta-Snow®!

- Build a big pile of "snow" for your kids and their friends to play in.
- Fill a kiddie pool with Insta-Snow® and stage a playful snow splash!
- Invite friends to a pre-season ski party in the middle of summer.
- Hand out packets or tubes of Insta-Snow® as a fun party favor.

### Take the Picture

- For professional photographers, Insta-Snow® provides the most authentic looking "snow" on the planet!
- Create realistic snow scenes for catalogs and project shots.
- Safe for use with models: adults, children, and animals.
- Insta-Snow® provides a practical, inexpensive, winter look for movie set designers.
- When you're finished, pack up your snow for use on the next shoot.

### Go For a Hobby

Make your special interests real with a little "snow."

- Use Insta-Snow® to create realistic miniature scenes for dioramas, doll houses, and train sets.
- Give puppets something fun to do in your own show. Make snow!
- Create spring flower arrangements and Christmas wreaths. Insta-Snow® retains moisture!
- Set up an authentic historical reenactment.

## Create a Science Fair or Class Project

In classrooms everywhere, Insta-Snow® provides perfect experiments for the Science Fair season.

- Use Insta-Snow® to introduce the Winter Olympics and discuss how snow is often man-made at Olympic and resort venues.
- Discuss the use of superabsorbent polymers in oil spill disasters (and in baby diapers)!
- Demonstrate how Insta-Snow® absorbs vast quantities of water. Discuss the use of polymers to minimize drought conditions.
- Show and discuss how avalanches hinder climbers on treks to the top of the world.

## Make More Fun Than You Can Imagine

Insta-Snow® brings good clean fun to every event. From movie blizzards to buckets of white fluff in the heat of summer, the possibilities are endless! All you need is a little creativity and a good reason for snow to fall!
